May Message from Board President Roger Irwin

I hope that by now, you have been able to spend time at Montour Heights. Your Club has much to offer, and we sincerely hope you are able to take advantage of all the amenities you can.

AS YOU WALK AROUND, DO YOU EVER WONDER HOW THE PLACE ALWAYS LOOKS SO CLEAN AND WELL KEPT?

Taking care of and maintaining a building as large as ours is a difficult and never ending task. I know that those of you who have been members for some time know our “behind the scenes” staff very well. However, some of you newer members may not.

Our maintenance director, **DAVE DANYLO**, is busy all the time. Dave and his assistant **PETER WASSEN** are always fixing something, somewhere in the building. Dave’s knowledge of what makes our Clubhouse tick is second to none. From keeping grease traps clear to maintaining our HVAC systems to changing light bulbs, Dave and Peter do it all. Much of what they do happens early in the morning while we are not at the Club, so we don’t often see them in action. But they are there.

Our housekeeping staff is busy too.

DJ MARZARELLA is always on the move keeping the place spotless. If you are at the Club in the morning and don’t see her, she is likely down stairs in the basement washing and folding the hundreds of table linens and napkins we go through every week. DJ does a great job.

We have more than 53,000 square feet of carpet in the building. To keep all that carpet clean, our man **JOE GARELLA** is running the vacuum every day. He also lends a hand to the others when they need a little extra help. Joe’s job is truly never ending.

This small group of hard working people take complete care of our facility, and their jobs are thankless. So perhaps the next time you see one of them, stop and say hi. They would like to know that you appreciate what they do. I know that I sure do.

See you around the Club!

Roger Irwin
MHCC Board President

Mowing, Mulching, Planting Underway

The grounds crew is in high gear trying to keep up with mowing. The golf course has been in great shape, and we're moving along with our spring task list. Greens were solid-tined and DryJected April 24, and healing is progressing rapidly. We'll be verticutting and topdressing as the golf schedule allows throughout the season.

Our new workers arrived in early April, and most are picking up the layout of the course and are learning assigned tasks. None of them speak English, but we're fortunate to have a crew member fluent in Spanish who has accepted the position of trainer. In spite of none of the new workers having previous golf course experience, we've been able to maintain the course and grounds thanks to the crew's hard work.

May will be busy with mowing, mulching and summer planting. We're still fine tuning the areas damaged during irrigation installation and bunker renovation, but have made significant progress. We're working on the new cart path on #16, and the old path will be removed as time and labor allow. We started building and planting a new bed around the clock at #1 tee. The plants chosen are pollinator friendly, and more will be added over the summer.

See you on the golf course!
