All is right for another year in the royal court of Montour Heights! A lot of fun was had by all on the Quest for the Crown. We royally applaud everyone who participated!

Compliments for the Course and Club

We've had a very busy season on the golf course dealing with everything from training staff to drought conditions, but things have come together nicely. Our temporary workers have made significant progress learning our routines, and the golf course is in great shape. We came through the May/early June drought conditions well, and the new irrigation system has performed well. Although there are infrequent leaks, they've been easily managed.

In mid-July, Montour hosted the National Senior Games. We had golfers from all over the United States here. The accolades were universal regarding course conditioning. The folks raved about the course and grounds, and we had a tremendous number of compliments. I was very proud of the grounds crew and the work they did getting

ready for the three-day event. It was nice to hear comments from folks with fresh eyes who appreciate the fine work our crew does every day. The Club at large received many compliments, something everyone from staff to our members should be proud of.

Aerification is scheduled the week of August 13 when we'll be punching the entire course tee to green. There will be periodic hole closures throughout the week, and we'll keep the Golf Shop informed daily.

See you on the course,

Ken Brunermer, CGCS
Golf Course Superintendent
