MARCH 2024

New Mobile Golf & Dining Reservations App Launches

A Note from Your Head Golf Professional

We're excited for the 2024 golf season, which is right around the corner! It was great seeing some of you in February on the course, and let's hope that March is filled with more golf and no snow.

As I'm sure you've heard by now, we're switching the system we use to book tee times as well as register for dining and events. It will take a small amount of time to adjust, for all of us, but we trust that this will provide a better member experience in the long run. If you have any questions on how the new ClubHouse Online system works for golf, please don't hesitate to reach out to me at (412) 262-4653 or amegrey@montourheightscc.com. I may not know the answer right away, but I promise I'll do everything I can to get it!

We appreciate your patience, and we look forward to seeing everyone here at the Club more regularly!

—Alex

March Message from Board President Roger Irwin

As we are all looking forward to better weather and another fantastic outdoor season at Montour Heights, we will be experiencing more changes around the Club. I know that apprehension tends to go hand in hand with change because something new and unknown is on the horizon. But your Board of Directors is confident that evolution is necessary and will lead to a better experience for all.

PERSONNEL UPDATES

We are very close to hiring a new GM. I was hopeful that we could make an announcement in this newsletter, but timing did not quite work out. However, I can tell you that there is an offer on the table, and we are working to close the deal with an excellent candidate. Stay tuned.

Sam Pittinaro will be back at the Sports Complex this year. Sam did a great job managing the food and beverage program at the pool last year, and we expect more of the same from her. However, we are in the process of hiring a new pool manager. We are looking to improve our water sports programs and anticipate hiring a new person shortly. We want to thank members Emily Rash and Matt Putoff for their incredible assistance in our search.

Our new grounds Superintendent, Corey Cheza, hit the ground running and has already started several programs aiming to improve the playability and health of our golf course. Many dead or dying trees were removed over the winter. I think you will be amazed at the difference in the upper tee on No. 7. The dam at No. 15 pond was certified to be stable, provided we replace the liner. So Corey will be overseeing the work on that very important project as we attempt to finish the work this quarter.

DRESS CODE

Lastly, we ask that you review the dress code for all areas of the Club. Some of us pushed the limits at times last year. Remember, even though your designer jeans were made with holes in them, they are not acceptable at the Club. And gentlemen, shirts are to be tucked at all times, even on the golf course. And please, no hats upstairs.

See you around the Club!

Roger Irwin
MHCC Board President

Focus on Tree Beautification

We have been hard at work on the course. Tree beautification has been our main focus these last few weeks. We have been concentrating on areas mostly around the par 3 tee boxes to get more sunlight and airflow for better turf conditions.

After tree work has been completed, the stumps will be ground and backfilled with soil and seeded. There are a few drainage projects that we will be starting in the next few weeks.

A reminder for winter play and throughout the year: Please repair your ball-marks and replace your divots in fairways. This is essential during

the winter months when the grass is not actively growing and repairing itself.

Also, please do not hit balls off of the range tee, as it is closed for the same reasons mentioned above. Thank you!

The staff and I are very excited about the upcoming season. We look forward to seeing you out on the course!

Golf Course Superintendent

MONTOUR HEIGHTS COUNTRY CLUB

Montour Heights Country Club has a New Mobile App!

You may have read in the February "Montour Monthly" newsletter about our new mobile app and the efficiencies it'll bring to the Club. The ClubHouse Online app is replacing ForeTees and is now ready to go into effect.

As of February 27, all golf and dining reservations should be made in the ClubHouse Online app.

We ask that you re-book any tee times in the ClubHouse Online app or on our Member Central website. Any dining reservations currently in ForeTees will be migrated to Clubhouse Online as well.

Below, you'll find videos to get you started and instructions on how to install the app.
